Subject Index of Articles*

Counseling Concepts

OBJECTIVES
Vocational guidance and skills of the work force, 4
Teaching occupational information in Illinois secondary schools, 30
Intake interviewing in counseling, 100
Productivity in the university, 134
The poverty of nations, 140
The General Aptitude Test Battery, 145
City-wide directors of guidance, 161
Educational and vocational counseling from the actuarial point of view, 164
The utilization of high level talent in lower socioeconomic groups, 175
Use of the survey of study habits and attitudes for counseling students, 214
The faculty is human, too, 225
Counseling as a function of the counselor's personality, 276
The disciplinary interview, 347
The role of evaluation in improving guidance and counseling services, 441
Vocational guidance in Belgium, 456
The contribution of guidance to the high school educational program, 489
A tentative definition of emotional immaturity utilizing the critical incident technique, 554
Teachers and counselors look at students: some implications for guidance practice, 565

METHODS AND PROCESS
The Differential Aptitude Tests: an overview, 81
Intake interviewing in counseling, 100
Educational and vocational counseling from the actuarial point of view, 164
Counseling as a function of the counselor's personality, 276
The disciplinary interview, 347
Vocational guidance in Belgium, 456

WORKER
Critical requirements of small school counselors, 103
Productivity in the university, 134
The poverty of nations, 140
City-wide directors of guidance, 161
Educational and vocational counseling from the actuarial point of view, 164
The faculty is human, too, 225
Counseling as a function of the counselor's personality, 276
The disciplinary interview, 347
Factored Aptitude Series of Business and Industrial Tests, 351
Agency directors and professional growth of personnel, 391
It pays to tell the teachers, 452
Vocational guidance in Belgium, 456
Personal characteristics and job success, 463
The contribution of guidance to the high school educational program, 489
A therapeutic approach to test interpretation, 529
A tentative definition of emotional immaturity utilizing the critical incident technique, 554
Teachers and counselors look at students: some implications for guidance practice, 565

Personality

ORIGIN AND DEVELOPMENT
Personality development during the college years, 74
Backgrounds of vocational choice: an Apache study, 270

ORGANIZATION
Personality development during the college years, 74
Interests and tendencies toward maladjustment in a normal population, 94
Backgrounds of vocational choice: an Apache study, 270
Counseling as a function of a counselor's personality, 276
Perception: a context for the consideration of persistence and attrition among college men, 435

CHANGE
Personality development during the college years, 74
Backgrounds of vocational choice: an Apache study, 270
Counseling as a function of the counselor's personality, 276
Values and disvalues of faculty-student committees, 289

Educational Adjustment

SUCCESS PREDICTION—LEVELS
A coordinated program of admissions and counseling, 236
Student persistence in college, 241
Do renewable scholarships promote higher grades? 302
The relation of extracurricular participation to leadership criteria, 307
Factored Aptitude Series of Business and Industrial Tests, 351
Test interpretation in the high school guidance program, 449
Adaptiveness and the role of parents in academic success, 518

* The classification system followed in the subject index was developed by the Bibliography Services Committee of the Division of Counseling Psychology, American Psychological Association, Barbara A. Kirk, Chairman.

Success Prediction—Curricula
Educational and vocational counseling from the actuarial point of view, 164
Do renewable scholarships promote higher grades?, 302
Differential prediction of high school achievement using single score and multiple factor tests of mental maturity, 512
The guidance of business students in selected secondary schools, 591

Adjustment—Other Factors
Hastings high school works on the drop out problem, 39
Program adjustments for the physically handicapped at the college level, 41
Productivity in the university, 134
The utilization of high level talent in lower socioeconomic groups, 175
Values and disvalues of faculty-student committees, 289
Do renewable scholarships promote higher grades?, 302
Unemployment, income, and age (but is it age?), 377
Perception: a context for the consideration of persistence and attrition among college men, 435
It pays to tell the teachers, 452
A survey of special facilities for the physically handicapped in colleges, 579

Student Population Analysis
Hastings high school works on the drop out problem, 39
Interests and tendencies toward maladjustment in a normal population, 94
A coordinated program of admissions and counseling, 236
Student persistence in college, 241
Student leadership in a program of co-curricular activities, 293
Do renewable scholarships promote higher grades?, 302
1955's women college graduates in 1956, 342
Participation in part-time work by women college students, 445
Northeastern institute on clinical services for the retarded and counseling of parents, 454
Personal characteristics and job success, 463
Women graduates of cooperative work-study programs on the college level, 508
Adaptiveness and the role of parents in academic success, 518
The guidance of business students in selected secondary schools, 591
Seeds of delinquency, 595

Vocational Development

Occupational Choice
Agreement between counselor-counselee vocational decisions and interest inventory scores, 37
The General Aptitude Test Battery, 145
The utilization of high level talent in lower socioeconomic groups, 175
Occupational choice and values, 244
Backgrounds of vocational choice: an Apache study, 270
Unemployment, income, and age (but is it age?), 377
Social factors in the prestige ranking of occupations, 420
The Multiple Aptitude Tests, 424
The contribution of guidance to the high school educational program, 489

Occupational Success Prediction
The General Aptitude Test Battery, 145
Educational and vocational counseling from the actuarial point of view, 164
Factored Aptitude Series of Business and Industrial Tests, 351
Personal characteristics and job success, 463
The Flanagan Aptitude Classification Tests, 495

Job Satisfaction
Research on the teaching of occupations 1954–1955, 155
Occupational choice and values, 244
1955's women college graduates in 1956, 342
Women graduates of cooperative work-study programs on the college level, 508

Life Stages or Work Periods
A follow-up study of machinist journeymen, 24
1955's women college graduates in 1956, 342
Realism of vocational choice: a critique and an example, 482

Adjustment Factors—Other

Cultural-Ethnic
Individual autonomy and social structure, 16
Backgrounds of vocational choice: an Apache study, 270
Phoenix reports on high school misbehavior, 384
Social class perceptions and school maladjustment, 414
Social factors in the prestige ranking of occupations, 420
Seeds of delinquency, 595

Mobility
A follow-up study of machinist journeymen, 24
Personality development during the college years, 74
The utilization of high level talent in lower socioeconomic groups, 175
Backgrounds of vocational choice: an Apache study, 270
The relation of extracurricular participation to leadership criteria, 307
Unemployment, income, and age (but is it age?), 377
Social class perceptions and school maladjustment, 414

Family
Individual autonomy and social structure, 16
Adaptiveness and the role of parents in academic success, 518
Seeds of delinquency, 595

Age
Unemployment, income, and age (but is it age?), 377
Seeds of delinquency, 595

Sex
Individual autonomy and social structure, 16
Personality development during the college years, 74
Concurrent validity of the Mooney Problem Check List, 298
Phoenix reports on high school misbehavior, 384

Physical
Program adjustments for the physically handicapped at the college level, 41

A survey of special facilities for the physically handicapped in the colleges, 579

MENTAL
Northeastern institute on clinical services for the retarded and counseling of parents, 455
Seeds of delinquency, 595

EMOTIONAL-SOCIAL
Personality development during the college years, 74
Interests and tendencies toward maladjustment in a normal population, 94
Concurrent validity of the Mooney Problem Check List, 298
Phoenix reports on high school misbehavior, 384
Social class perceptions and school maladjustment, 414
A tentative definition of emotional immaturity utilizing the critical incident technique, 554
Seeds of delinquency, 595

Measurement

PSYCHOMETRY
The use of the multifactor test batteries in guidance, 9
The Differential Aptitude Test: an overview, 81
The General Aptitude Test Battery, 145
Student reactions to a personality inventory, 171
The Guilford-Zimmerman Aptitude Survey, 219
Discriminant analysis in evaluation of counseling, 231
The Holzinger-Crowder Uni-Factor Tests, 281
Factored Aptitude Series of Business and Industrial Tests, 351
Inter-rater reliability from the viewpoint of the rater, 365
Tests and "tests"—*caveat emptor*, 388
The Multiple Aptitude Tests, 424
The Flanagan Aptitude Classification Tests, 495
The Tests of Primary Mental Abilities, 569

TEST SELECTION AND USE
The use of multifactor test batteries in guidance, 9
The Differential Aptitude Tests: an overview, 81
Critical requirements of small school counselors. 103
The General Aptitude Test Battery, 145
The Guilford-Zimmerman Aptitude Survey, 219
Backgrounds of vocational choice: an Apache study, 270
The Holzinger-Crowder Uni-Factor Tests, 281
Concurrent validity of the Mooney Problem Check List, 298
Factored Aptitude Series of Business and Industrial Tests, 351
Tests and "tests"—*caveat emptor*, 388
The Multiple Aptitude Tests, 424
Test interpretation in the high school guidance program, 449
The Flanagan Aptitude Classification Tests, 495
A therapeutic approach to test interpretation, 523
The Tests of Primary Mental Abilities, 569
The guidance of business students in selected secondary schools, 591

Tests

INTELLIGENCE
The use of multifactor test batteries in guidance, 9
The Holzinger-Crowder Uni-Factor Tests, 281
Differential prediction of high school achievement using single score and multiple factor tests of mental maturity, 512
The Tests of Primary Mental Abilities, 569

PROFICIENCY
The use of multifactor test batteries in guidance, 9
Differential prediction of high school achievement using single score and multiple factor tests of mental maturity, 512

EDUCATIONAL APTITUDE
The use of multifactor test batteries in guidance, 9
The Differential Aptitude Tests: an overview, 81
The General Aptitude Test Battery, 145
The Guilford-Zimmerman Aptitude Survey, 219
The Holzinger-Crowder Uni-Factor Tests, 281
Factored Aptitude Series of Business and Industrial Tests, 351
The Multiple Aptitude Tests, 424
The Flanagan Aptitude Classification Tests, 495

SPECIAL APTITUDE (see EDUCATIONAL APTITUDE above)
INTERESTS, ATTITUDES AND VALUES
The use of multifactor test batteries in guidance, 9
Agreement between counselor-counselee vocational decisions and interest inventory scores, 37
Interests and tendencies toward maladjustment in a normal population, 94
A Kuder pattern for bakers and baking students, 110
Student reactions to a personality inventory, 171
Use of the survey of study habits and attitudes for counseling students, 214

PERSONALITY AND ADJUSTMENT
Interests and tendencies toward maladjustment in a normal population, 94
School persistence and personality factors, 107
Educational and vocational counseling from the actuarial point of view, 164
Concurrent validity of the Mooney Problem Check List, 298

Occupational Information

ROLE
Vocational guidance and skills of the work force, 4
Teaching occupational information in Illinois secondary schools, 30
Research on the teaching of Occupations 1954-1955, 155
Our changing world of work, 206
The contribution of guidance to the high school educational program, 489
A career-curricular conference, 599

SOURCES AND DEVELOPMENT
Vocational guidance and skills of the work force, 4
A follow-up study of machinist journeymen, 24
Teaching occupational information in Illinois secondary schools, 30
Research on the teaching of occupations 1954-1955, 155
Our changing world of work, 206
Realism of vocational choice: a critique and an example, 482
A business fellowship, 531
Contributions of government agencies to the guidance movement, 587

MATERIALS
Vocational guidance and skills of the work force, 4
A follow-up study of machinist journeymen, 24
Teaching occupational information in Illinois secondary schools, 30

DISSEMINATION
Teaching occupational information in Illinois secondary schools, 30
Research on the teaching of occupations 1954–1955, 155
Contributions of government agencies to the guidance movement, 587

Process—Individual Counseling

RELATIONSHIP
Agreement between counselor-counselee vocational decisions and interest inventory scores, 37
Intake interviewing in counseling, 100
Educational and vocational counseling from the actuarial point of view, 164
The disciplinary interview, 347
The contribution of guidance to the high school educational program, 489
A therapeutic approach to test interpretation, 523
The guidance of business students in selected secondary schools, 591

METHODOLOGY
Intake interviewing in counseling, 100
School persistence and personality factors, 107
The disciplinary interview, 347
Vocational guidance in Belgium, 456
A therapeutic approach to test interpretation, 523

PSYCHOTHERAPEUTIC TECHNIQUES
A therapeutic approach to test interpretation, 523

Process—Group Counseling

ACTIVITY METHODS
Vocational guidance and skills of the work force, 4
Teaching occupational information in Illinois secondary schools, 30
Students as advisors to student organizations, 112
Student councils in selected elementary schools, 249
Teaching beyond the classroom, 527
A career-curricular conference, 599

DISCUSSION METHODS
Vocational guidance and skills of the work force, 4
Teaching occupational information in Illinois secondary schools, 30
The contribution of guidance to the high school educational program, 489
Teaching beyond the classroom, 527
The guidance of business students in selected secondary schools, 591
A career-curricular conference, 599

PSYCHOTHERAPEUTIC TECHNIQUES
Teaching beyond the classroom, 527

Counseling Programs

COMMUNITY
A group guidance inter-faith project, 34
Developing principles of public school and social agency cooperation, 247
Vocational guidance in Belgium, 456
Seeds of delinquency, 595

COLLEGE AND UNIVERSITY
Client fees, staff assignments, and private practice in university and college counseling centers, 22
Program adjustments for the physically handicapped at the college level, 41
Productivity in the university, 134
A coordinated program of admissions and counseling, 236
Student persistence in college, 241
Fellowships, scholarships and assistantships for guidance and personnel graduate training, 316
The disciplinary interview, 347
Freshman evaluation of faculty counselors, 361
Northeastern institute on clinical services for the retarded and counseling of parents, 454
Women graduates of cooperative work-study programs on the college level, 508
A survey of special facilities for the physically handicapped in the colleges, 579

SCHOOL (SECONDARY AND OTHER)
Vocational guidance and skills of the work force, 4
Hastings high school works on the drop out problem, 39
An observation on elementary school guidance, 179
Developing principles of public school and social agency cooperation, 247
Student councils in selected elementary schools, 249
The Multiple Aptitude Tests, 424
Test interpretation in the high school guidance program, 449
The contribution of guidance to the high school educational program, 489
Differential prediction of high school achievement using single score and multiple factor tests of mental maturity, 512
The guidance of business students in selected secondary schools, 591
A career-curricular conference, 599

SPECIAL GROUP
Vocational guidance and skills of the work force, 4

INDUSTRY
Factored Aptitude Series of Business and Industrial Tests, 351
The Multiple Aptitude Tests, 424

Profession

SPECIALTIES
Vocational Guidance and skills of the work force, 4
Critical requirements of small school counselors, 103
Productivity in the university, 134
City-wide directors of guidance, 161
An observation on elementary school guidance, 179
The faculty is human, too, 225
Counseling as a function of the counselor's personality, 276
Freshman evaluation of faculty counselors, 361
A business fellowship, 531

STANDARDS AND ETHICS
Client fees, staff assignments, and private practice in university and college counseling centers, 22
The poverty of nations, 140
The faculty is human, too, 225
Counseling as a function of the counselor's personality, 276
Agency directors and professional growth of personnel, 391

SELECTION
Client fees, staff assignments, and private practice in university and college counseling centers, 22

The faculty is human, too, 225
Counseling as a function of the counselor's personality, 276
Fellowships, scholarships and assistantships for guidance and personnel graduate training, 316
Freshman evaluation of faculty counselors, 361
Inter-rater reliability from the viewpoint of the rater, 365
Personal characteristics and job success, 463
Teachers and counselors look at students: some implications for guidance practice, 565

TRAINING AND SUPERVISION
A group guidance inter-faith project, 34
Critical requirements of small school counselors, 103
Students as advisors to student organizations, 112
The faculty is human, too, 225
Counseling as a function of the counselor's personality, 276
A series on in-service training, 315
Fellowships, scholarships and assistantships for guidance and personnel graduate training, 316
Freshman evaluation of faculty counselors, 361
Agency directors and professional growth of personnel, 391
Northeastern institute on clinical services for the retarded and counseling of parents, 454
Vocational guidance in Belgium, 456
Teachers and counselors look at students: some implications for guidance practice, 565

RELATIONSHIPS
A group-guidance inter-faith project, 34
Productivity in the university, 134
The faculty is human, too, 225
Developing principles of public school and social agency cooperation, 247
It pays to tell the teachers, 452
The contribution of guidance to the high school educational program, 489
Teaching beyond the classroom, 527
Contributions of government agencies to the guidance movement, 587

ORGANIZATIONS
Productivity in the university, 134
The faculty is human, too, 225
Freshman evaluation of faculty counselors, 361
Personal characteristics and job success, 463

Evaluation

METHODOLOGY
Discriminant analysis in evaluation of counseling, 231
Freshman evaluation of faculty counselors, 361
The role of evaluation in improving guidance and counseling services, 441
An examination of a method for evaluating counseling, 584

PROGRAMS
Productivity in the university, 134
The faculty is human, too, 225
Discriminant analysis in evalution of counseling, 231
A coordinated program of admissions and counseling, 236
Freshman evaluation of faculty counselors, 361
The role of evaluation in improving guidance and counseling services, 441
An examination of a method for evaluating counseling, 584

PROCESS
Discriminant analysis in evaluation of counseling, 231
Freshman evaluation of faculty counselors, 361
The role of evaluation in improving guidance and counseling services, 441
An examination of a method for evaluating counseling, 584

PERSONNEL
Freshman evaluation of faculty counselors, 361
Inter-rater reliability from the viewpoint of the rater, 365
The role of evaluation in improving guidance and counseling services, 441
Personnel characteristics and job success, 463
An examination of a method for evaluating counseling, 584

Research

RATIONALE
Discriminant analysis in evaluation of counseling, 231
Social class perceptions and school maladjustment, 414
An examination of a method for evaluating counseling, 584

DESIGN
Discriminant analysis in evaluation of counseling, 231
Social class perceptions and school maladjustment, 414
A tentative definition of emotional immaturity utilizing the critical incident technique, 554
An examination of a method for evaluating counseling, 584

METHODOLOGY
Discriminant analysis in evaluation of counseling, 231
Social class perceptions and school maladjustment, 414
A tentative definition of emotional immaturity utilizing the critical incident technique, 554
An examination of a method for evaluating counseling, 584

REVIEWS AND CRITIQUES
Research on the teaching of occupations 1954–1955, 155
The relation of extracurricular participation to leadership criteria, 307
